My dad watches his favorite tv show, my dog barks at him, as if asking to be let outside, my dad replies, "First commercial" and my dog only barks louder, when the commercials start my dad says, "Theres the commercial" and gets up to let my dog out - i listen to the funny event from the bathtub with the tablet.

Today's dream: Ate the worlds largest pizza with some friends,
For some reason was a secret super hero with one of my friends,
We used our powers to kill da giant pizza,
Sitting on the couch with a friend eating left over pizza,
A spaceship room was in there at some point,
End of dream for chocolate!

Today's dream!
I was named teddy for some reason, and i got a huge cut on my wrist and it healed in five minutes.
Characters from ML were there, they all thought i was creepy, especially adrien,

. Went mermaid fishing. Road a plane. There was a party with disco rainbow lights in what looked like a museum, someone famous was there tho i can't remember who. And there was this white and brown teddy bear with brown chest buttons that i oddly felt connected to.

Got to go on vacation on a space station with my friend and her little brother, and her little brothers friend.
When we landed i got a collar from a bratty pop star.
Went to the beach.
Went to the locker room and it was annoying cause there were sales people in there trying to sell me soaps.
Joey was there.

The dreeeaaammm: (this part of the dream is a little blurry) So i kept hiding under a blanket in a cabinet to avoid the pink crystal and ghost apocalypse.

(Second part)

So somehow i ended up as Marinette and we went on a field-trip to an orphanage. The workers there looked like they were being really mean to all the kids, so i powered up to try and save them. Turns out they are really strong! And after failing i went outside to find a spot to detransform but there were people everywhere! I ended up not changing back at all! I was starting to get worried about how exhausted Tikki must be, but i went back to the building anyway. I really had to use the bathroom but Ladybug's suit is a one piece and i didn't quite know what to do (This part was because i needed to use the bathroom in real life during the dream) so i just kept going. So i ended up in a halloween decorated room, and the decorations tried to kill me, so i kept kicking. (In real life my main fighting style is just kicking or clawing, but apparently while i'm transformed it dulls my fingernails) Then somehow Thundergirl, Kid Danger, and

Captain Man showed up (Cause i watched "Thunder and Danger" before i fell asleep) and they saved me. Then Adrien gets turned into a turtle for like 40 seconds (And i hug the turtle) and is so annoyed by that he walks away to power up. Then Chat Noir asked me if i was supposed to be changing colors. Turns out my suit was glitching since i was powered up to long and my suit kept changing! I had been green and the Sphinx and other stuff. Then all the kids got turned small and Alya got turned into a hamster. Then some other random stuff happened and i woke up.
Sadly not for chocolate...

Writes down ML OC's

Name: Zeke Stackman
Hero Name: Rakoon *Misspelt on purpose*
Age: 14
Gender: Male
Appearance: Short, shaggy black hair with stunning emerald green eyes. He normally wears a short sleeve black turtle neck with green lightning design on it and jeans with torn knee's and he has scrappy shoes.
Hero appearance: A dark grey skin tight suit with a lighter grey underbelly and markings. He's often seen on all fours and his suit has a fake striped raccoon tail and fake ears on his head. He has fake short black claws on fingers and toes and his mask is completely black.
Personality: He finds his super suit a bit embarrassing but it's not like he can change it. He is slightly shy, he's quite and a bit of a flirt. He has a one track mind so if he's set on something watch out! He finds comfort in others he cares about and holds onto the bonds he makes. He's straight forward, often blunt without knowing it and he tries to finds ways to do whats best for others.
Miraculous: A metallic hair clip with a grey piece attached to it, when he powers up the grey piece gets darker grey stripes on it and it looks more spunky.
Kwamii: Jakki, a spunky little floating raccoon with lots of sass. She's faithful in Zeke's abilities and often cheers him on or encourages him to become Rakoon. She has bright purple eyes and a little raccoon body with longer ears then normal, and her right ear is torn on the side.
Weapon: NUN-CHUCKS! they hang on small hooks on each of his hips
Ability: City instincts, when he uses it he is extra aware of his surroundings and can figure out how to use his surrounding against the enemy or to help him hide.
Other: He lives alone with his dad and he's a good kid at heart.

Name: Liliana Mayvine (Lily for short)
Hero Name: Ribbit
Age: 14
Gender: Female
Appearance: Long very pale blonde hair in a small tie on the back. Bright amber-brown eyes. Often wearing a black sweat shirt and black sweat pants.
Hero Appearance: A shiny green skin tight suit with tree frog colorings and markings. She has a shiny green mask that turns her eyes a bright red with narrowed pupils. The tie around her hair turns green and there's a hook on her waist for her weapon.
Personality: She's always been a trouble maker. She's stolen and broken rules to a hard point. When she got her Miraculous she saw it as a way to make a new life for her as the good guy she always wanted to be, as Ribbit she can finally do some good. She's immature and a bit of a tease. She cares for nature and animals in a strong way. A stronger side of her comes out under pressure.
Miraculous: A tight rubber-like bracelet on her upper left arm. When she activates it it shimmers with color.
Kwamii: Passi, a wise and concerned little tree frog. She can stick to almost anything, so she is often not floating. Like a real tree frog Passi is covered in a poisonous mucus that can kill someone, but the wearer of the frog miraculous becomes immune to it. Passi often gives advice and knows timing is important when powering up.
Weapon: A short metal pole with a button on it. She calls it her "tongue pole" because when you press the button a sticky pink line comes out of it and acts like a grappling hook that can also drag objects to you.
Ability: Poison Touch. When she touches a living thing after activating it, her hands become covered in a shiny slime that it make bad guys pass out for 5 minutes. It only has one usage so it might not help if she's fighting more then one enemy.
Other: Being a hero is a paradise for her, nobody knows of her past as a delinquent and she can express her silly self without getting in trouble.

Well I had one heck of a dream last night! So basically it was a second take on a different dream I had awhile back. So were on the edge of the woodlands, i'm walking will some other people, and suddenly a young girl starts shooting people from her cover in the forest! Loads of people were kill all by a skilled shot to the head, but when I got shot, it passed harmlessly through my side, missing any internal organs, so I was perfectly fine! Later it shows that I hired her to shoot every one, and that she would shoot me for show, so I wouldn't be a suspect! So now I'm on the run from the authority, and end up going to a high end pent house with bunk beds, then to a taco hur, then an abandoned house on the other side of the world! Then I get a hoard of wild pokemon to become my army! Including lots of skiploom, and some beartic! Then we try to cause a black hole to swallow the sun, but then i wake up before I get to see if I destroyed all life on earth as we know it!

Dog alarm clock!

Dreaaaam of last night: Its my birthday! In my dream of course. So there is supposed to be a 24 course meal, meal one comes out and everyone sits down at the table. Guess who sits next to me, Jonas! So we all eat. Then we go outside to wait for the next meal, and somehow calem and team flare show up!? Were about to battle them when something came from around the street, Cory comes out and Jonas shape shifts into scrappy and I catch him on the couch, and we both seem to enjoy it. then we go inside. Everyone runs around in a jumble, like those seems from scooby doo were they get chased through a hall way of doors. Jonas looks like he's about to pass out, considering he can't run very well. I catch him as he passes out, and heroically carry him back to his parents. I set him on a couch and I curl up next to him. He wakes up before me and raven takes a bunch of picture's from then.

Waking up for chocolate!

Writes about something random.....
Celio: Oozing was the best! He was the only friend I needed, he gives me advice and everything! Tho there is one slight problem to our relationship, Oozing isn't a dragon, tho it doesn't matter to me. Oozing was some sort of parasite, living cozily in the nook of my folded wing membrane. He looked like this black blob, as if a piece of tar had gotten on my wing.

I had managed to keep Oozing a secret for a long time. Well, a long time for me, I was only just less then a year old, I haven't been around that long. But it was hard, Oozing only kept growing, slowly, to the point where I just couldn't hide him anymore. He wasn't just growing physically, Oozing's telepathic connection to me grew too, even to the point were he started to control me in my sleep.

When other dragons found out about Oozing, they tried to lock me away. They said that one day Oozing would be strong enough to take me over. The in other "Shadow marked" cases, other dragons who also had friends like Oozing, when they were taken over there friend either convinced them or forced them to kill others.
I knew Oozing would never do that tho, he was my only friend! Oozing depended on me, without a host, Oozing said he wouldn't last very long, he would eventually die. I relied on him for a friend, support I couldn't get any were else!

The voice of a nearby caretaker roused me from my thoughts. "Celio, it will be time to go to sleep soon," One of the older caretakers, Amari, rasped. Her scales glittered brightly, then they shifted to a dull orange, a color that usually meant impatients or annoyance for for her.

"Celio? Did you even here me?" She snapped, "You really need to start paying attention." Her tail flicked with annoyance.

Am I in trouble? What did she say?!
Itz O-OK Celio! Ssshe toold you that your b-bedtime wasss sssoon.
Thanks Oozing! Now I won't get in any trouble!
Yur welcomez Celio!

"You said that bedtime was soon." I say Proudly, lifting my chin and puffing out my chest. "Well at least you listened this time." She spoke gruffly, "When I came to get a job here, there are two things nobody told me about. One, the dragonets here will try and kill you, and that this place was a cave! The only time I might get to have suntime anymore is while picking up new infected prisoners..."
